

REBUILD GREEN EXPO

www.RebuildGreenExpo.com

Education, information, and networking focused on resilient, affordable, community-centered “green” rebuilding options for the communities affected by the recent North Bay fires. Learn about energy-efficient Zero Net Energy residences, financing green building, adding granny units, 100% renewable electricity, fire-resistant construction, sustainable materials, microgrids, electric vehicles, and more!

Education and Community Meetings

10AM to 6PM

Public Green Building EXPO

2PM to 7PM

Santa Rosa Veterans Hall

February 23, 2018
