

**REBUILD
GREEN
EXPO**

FREE EVENT

for North Bay Fire Communities ► Resilient, Affordable Rebuilding Options

**Santa Rosa Veteran's Memorial Building
Friday, February 23, 10-7**

Come learn about:

Rooftop solar systems

Why 100% electric?

Fire-resistant building materials and methods

Healthy homes and interiors

Building a resilient community microgrid

Defensible, drought-tolerant landscapes

ZNE/energy-efficient home design

Battery storage for homes

Electric vehicles

Financing green building

Accessory dwelling units

Safe and healthy induction cooking

AND MORE

Rebuilding after the fires involves thousands of decisions.

Some of the world's most experienced and knowledgeable green and sustainable building professionals have formed the

Rebuild Green Coalition.

RGC is hosting this free Expo to help make the process of rebuilding green much easier.
